Completed Anchor Pin Kit

1

Assembly Instructions:

1. Slide Post Attachment into H-channel on Wave Dock. Secure in desired position with a 3/8 x 1 ½ bolt and 3/8 washer.

2. Attach metal anchor bracket to the bottom of the plastic anchor pin using the 3/8 x ¾ button head bolts and locking washers.

3. Insert the plastic pin and bracket into the post attachment and secure with the   3/8 x 1 ½ bolts and washers. Anchor can now be connected to the eye loop on the bottom of the anchor pin.
